Product Data Sheet

Revised: May 2011

TOP 1 CHAIN WAX

DESCRIPTION

TOP 1 SYNTHETIC CHAIN WAX with PTFE is a specifically developed formula for chains that reduces rolling resistance, improves power transmission and optimizes lubricant properties under high speed and temperature. Synthetic Chain Wax with PTFE is uniquely formulated to prevent rust and corrosion while helping to extend chain and sprocket life.

FEATURES AND ADVANTAGES

- Reduces rolling resistance for more power and smoother runs
- Safe for all chain types
- Easy application
- Excellent lubrication in dry and wet conditions
- Good penetration into chain links
- Prevents rust and corrosion
- Helps extend chain and sprocket life
- Waterproof and heat resistant
- Resists flying off even in high speed
- Environmentally friendly

TYPICAL SPECS

Type	:	Aerosol
Color	:	Bright Yellow Brown
Clarity	:	Not transparent
Specific gravity :		0.83
Product number:		90520
Packing :		24x82 ml
